

Original ZSK screw elements\*. You order, we deliver within six weeks.

»» Original ZSK screw elements. You order, we deliver within six weeks\*. We have increased our capacity considerably in recent years for this purpose. The production lines provided specially for the Service department enable highly flexible production processes and drastically reduced delivery times for spare parts. At the same time this gives us the necessary flexibility to respond individually and quickly to our customers' requirements. The greatest advantage that we offer our customers, however, is the attractive terms.

#### **Our services**

- › Individual production of screw elements according to customer wishes
- › Preparation of quotes within 24 hours
- › Approximately 70% of the screw elements required as spare parts are available from stores stock
- › Delivery time of a maximum 6 weeks for all screw elements not on stores stock
- › More than 20,000 screw elements on stores stock in Europe, Asia and the USA
- › Extensive, distributed warehousing at many of our 27 Service Centers worldwide

#### **For**

- › Screw elements of the ZSK 18-ZSK 133
- › Materials WPO0 and WP15

#### **Your advantages**

- › Fast, safe and reliable delivery of the screw elements
- › Attractive conditions
- › Bigger order sizes lead to even more favorable conditions

#### **Our promise**

- › 5% price discount per week on undelivered screw elements after a two week delivery delay

\*For ZSK 18-ZSK 133; materials: WPO0, WP15.
